

Swarit

Full-Stack Software Engineer

swarit@abtalks.dev | +919200000013 | linkedin.com/in/swarit-abtalks | github.com/swarit | New Delhi, India

TECHNICAL SKILLS

Languages

TypeScript, JavaScript, Python, SQL

Frontend

React, Next.js, Tailwind CSS, HTML/CSS

Backend & Tools

Node.js, PostgreSQL, Prisma, Git, REST APIs

EDUCATION

B.Tech Computer Science

Delhi Technological University
2024 – 2028 · 8.6 CGPA

CERTIFICATIONS

Meta Front-End Developer Professional Certificate

Coursera / Meta · 2025

AWS Cloud Practitioner

Amazon Web Services · 2024

LANGUAGES SPOKEN

English — Professional
Hindi — Native

ACHIEVEMENTS

- Completed 45+ days of the ABTalks SE challenge with consistent on-time submissions
- Built and deployed a task-management SaaS as a

PROFESSIONAL SUMMARY

Swarit is a motivated computer science student with hands-on experience building production-style web applications. Through the ABTalks 60-day challenge, he has demonstrated disciplined daily execution, clear communication, and the ability to ship end-to-end features under time constraints. He combines solid fundamentals in JavaScript/TypeScript with practical exposure to modern React and Node.js stacks.

PROFESSIONAL EXPERIENCE

Software Engineering Intern

May 2025 – Jul 2025

TechNova Solutions · Gurugram, India

- Developed internal dashboard features using React and Node.js, reducing manual reporting time by 30%
- Collaborated with a 4-person agile team; participated in code reviews and sprint planning
- Integrated REST APIs and wrote unit tests for critical business logic modules

KEY PROJECTS

StudySync — Collaborative Learning Platform

Next.js, TypeScript, PostgreSQL, Prisma, Tailwind

A web app for student groups to share notes, track assignments, and maintain study streaks. Includes auth, real-time updates via polling, and an admin panel for content moderation.

ExpenseTracker CLI + Web Dashboard

Python, FastAPI, React, SQLite

Personal finance tracker with category-wise spending analytics, CSV import/export, and monthly budget alerts. Demonstrates data modeling and full-stack integration skills.

capstone project

- Campus hackathon finalist
— built a real-time
collaboration tool in 24
hours

AB TALKS CANDIDATE ASSESSMENT REPORT

Swarit

Assessment Date: 2026-06-01 · Interviewer: Admin ABTalks · Challenge Round: Technical + Behavioral · ABTalks ID: AB-CMPZU6CZ

ABTalks Synergy Score: 255 / 300 Points

Composite across Communication, Programming, and Behavior. A score above 240 indicates strong readiness.

COMMUNICATION

82/100

Verbal clarity & articulation

PROGRAMMING

88/100

Algorithms & code quality

BEHAVIOR

85/100

Culture fit & collaboration

DETAILED ASSESSMENT FEEDBACK

Communication

Swarit articulates technical concepts clearly and responds thoughtfully to follow-up questions. He explains trade-offs in his design decisions and communicates progress proactively during collaborative tasks.

Programming & Technical Skills

Strong grasp of JavaScript/TypeScript fundamentals and modern React patterns. Writes clean, readable code with appropriate error handling. Comfortable with database design and API integration. Minor room for improvement in advanced algorithm optimization under tight time limits.

Behavior & Culture Fit

Professional, receptive to feedback, and collaborates well in team settings. Shows curiosity and a growth mindset. Maintains composure under pressure and follows through on commitments reliably.

CANDIDATE LOGISTICS

Open to Relocation	Yes
Preferred Locations	Bangalore, Hyderabad, Pune, Remote (India)
Current Location	New Delhi, India
Available From	Immediate
Notice Period	N/A (Student)
Work Authorization	Indian Citizen
Preferred Work Mode	Hybrid

CODING CHALLENGE RESULTS

Challenge	Status	Score
Array Manipulation & Two-Pointer Techniques	Passed	4/4
REST API Design & CRUD Implementation	Passed	4/4

Challenge	Status	S
React Component Architecture Challenge	Passed	4

KEY STRENGTHS

- Consistent daily execution and strong work ethic
- Clean, maintainable code with good naming conventions
- Quick learner — picks up new frameworks and tools rapidly

AREAS FOR GROWTH

- System design depth for large-scale distributed architectures
- Advanced algorithmic problem-solving under strict time constraints
- Production DevOps and CI/CD pipeline experience

COMPENSATION DETAILS

Current CTC	N/A (Student)
Expected CTC	₹8–10 LPA (entry-level)
Negotiated Offer	Open to discussion
Equity / ESOPs	Interested in ESOPs at growth-stage startups
Benefits Required	Health insurance, learning budget
Currency Preference	INR

ABTALKS
RECOMMENDATION

Strongly Recommend
